

Annual Michael E. Tolson HOC Award for MA/RI Moose Association

Under the guidance of the HOC chair people the lodges will discuss possible candidates and submit one member (**male or female**) for consideration of this award. Individuals who may know of someone deserving can submit a nominee as well.

All entries must include their name, lodge, or chapter they are representing and a description of their Community Service acts that they are being honored for. Focus should be on involvement in and around the community.

This Award program is designed to show the importance of community service and shine a brighter light on it for all our members.

What the committee will look for in judging the nominee's community service:

- Serving the community in a selfless way
- Bettering or changing the lives of others in a positive way
- Someone who will spread the word of the importance of community service in our Fraternity
- Completely anonymous-the HOC committee will not know the names of the nominees until the selection is made.

The deadline to submit your nominee will be July 13, 2024. The HOC committee will read through all nominations and submit their vote to determine the most deserving member for this award. **We will notify the Lodge by Aug 3rd** so they have time to make arrangements for their member to be at the dinner Saturday night at the August Convention. Please keep these awards nominations and winner confidential, until we can announce in August.

Submit your nominations by the deadline to:
